

Announcement and Invitation

California Early Learning Quality Improvement System Advisory Committee Subcommittees

Please join the five Subcommittees that will begin their work in July to inform and support the recommendations developed by the California Early Learning Quality Improvement System (CAEL QIS) Advisory Committee.

The purpose of the CAEL QIS Advisory Committee is to improve outcomes for children and reduce the school readiness gap by improving the quality of our early learning and care programs. The Subcommittees are an intentional and major strategy for public input, analysis, and discussion of early learning quality improvement system options. The Subcommittees will clarify issues, outline possible alternatives, and present likely results. During the July meetings, all the Subcommittees will be drafting a charge and workplan that will be presented to the Advisory Committee at the August 26, 2009, meeting for further review, possible changes, and approval.

Please share this information with all those interested in attending. Please use the rsvp link to let us know if you plan to participate in one or more of the Subcommittees. For additional information such as agendas and meeting materials, please go to:

<http://www.cde.ca.gov/sp/cd/re/sb1629committee.asp> and go to the Subcommittees section.

Thank you!
